-----------------------	---------------------	-------------------	---------------------------	-----------------------	-----------------------

**Notes from SNSI/NSI/OPS**

Cadets, stay focused and motivated because we have a lot to work on to become a smoothly operating NJROTC Unit. We have lots of major events coming up, so this would be the best time to master the skill of followership. Work with each other to become better together. Remember that **“A chain is only as strong as its weakest link.”**

**Meaning of Followership: The ability to take direction well, to get in line behind a program, to be part of a team, and to deliver on what is expected of you.**

Online Access to this document and calendar is available via our Unit’s website:
